

# World's Smallest<sup>1</sup> AID system (200U)

## World's First 300U Tubeless AID system

## Automated Insulin Delivery Powered by APGO<sup>®</sup>

### Auto Basal

Adjusts automatically based on sensor glucose and insulin history to maintain chosen target level

### Auto Correction Bolus

Automatically delivers when auto basal is not enough

### Auto Meal Bolus

No more complex carb counting!  
Announce a meal and our system manages the bolus for you
